Work Experience

Midwest Certified Training

June 2022 - December 31st 2023

Sun Prarie, WI

Full Stack Developer

Mastered Wordpress to the point of creating CMS in Laravel. Built entire database system from the ground up. Developed proficiency in TALL stack (Tailwind, Alpine.js, Laravel and Livewire)

Varsity Tutors

February 2021 - Present

Online

Coding Mentor

Taught the fundamentals of being a great programmer to children of all ages. Explained HTML, CSS, Javascript and front end frameworks such as Bootstrap. Front end design concepts, calligraphy, and adobe products were also used to create dynamic personal portfolios.

Nucamp

June 2021 - Present

Online

Front-End Instructor

Demonstrated my knowledge of HTML, CSS, and bootstrap towards prospective students. Helped transition potential prodigies of all ages into the modern workforce.

Skills

Javascript
